

## Difference between Creativity and Skills

---

Creativity	Skills
The ability to generate <b>original ideas</b> or think in new ways.	The ability to <b>execute tasks effectively</b> using knowledge and practice.
<b>Ideas and imagination</b> – thinking outside the box.	<b>Technique and execution</b> – using tools and methods correctly.
Inborn or developed through inspiration and practice.	Learned through training, practice, and experience.
Coming up with a <b>unique concept</b> for a logo or poster.	Using <b>Photoshop, Illustrator, or Canva</b> to bring the concept to life
Innovative, original, or unconventional ideas.	Accurate, polished, and professional results.
